

2006 POST Certified OHV Noise Enforcement Training

Please contact the training site coordinator directly to enroll. Class enrollment is limited to approximately 20 per class, depending on training site accommodations. Enrollment is first-come-first-served. The class has been updated and now contains written and practical tests and successful class completion certification by Rob Harrison and Chris Real. Previously trained LE personnel are encouraged to attend and become certified. Eight hours of POST credit can be earned with successful completion of the class. There is no cost to students attending the class.

Non-law enforcement agency personnel and volunteers working in OHV sound testing activities are welcome to attend on a space-available basis. Contact the site coordinator.

All classes start at 0800 unless otherwise noted. **Bring your sound meter if you have one. Bring personal eye and ear protection.**
